Product Specification

Product code	04	Item name	Destructible vinyl film
Face Material			
Material	Destructible vinyl film	Elongation/%	2%~4%
Thickness/mm	0.070±0.005	Color	Matt white
Basic weight/(g/m ²)	135±8	Smoothness	GOOD
EPEAT class	ROHS	Printing performance	GOOD

Adhesive	Acrylic
Thickness /mm	0.020±0.003
Wet Coating Wt (gsm)	50±3
Initial Tack/(NO/ball)	12#
Adhesive force (kg/25mm)	—

Release force/N	≥8
Retentivlly (h/kg/20mm ²)	24h
Weather resistance	GOOD
Temperature °C	-5~40
Solvent resistance	GOOD

Release Liner			
Liner material	Art release paper	Rupture strength (kg/cm ²)	5.0↑
Thickness/mm	0.16±0.008	Color	White
Basic weight/(g/m ²)	170±5	Smoothness	GOOD
Tensile property/(kg/15mm)	9.0↑	Malleability	GOOD

Physical test conditions: 23±2°C、65±5% RH Preservation method: Cool, ventilated to avoid direct sunlight Shelf life: one year

REMARKS:

The conclusion of above technical data was issued based on reliable testing method of company, and the average result of many tests. In order to ensure the data validity, please select the proper products of the company, and notice the using purpose and conditions at first. If any more inquiries, you can contact the company for closer and clearer services.
