

# EZ-500 DATA SHEET

## EZ-500

Double Coated Tissue Tape (UL Listed)

Description: EZ -500 Is a Special tape which Consists of non-woven tissue and is coated with Strong adhesive on both sides. It bonds firmly on To leather, cloth, wood, plastic any two similar Or dissimilar materials.

## FEATURES & BENEFITS

1. Special formulated adhesive provides strong power and no adhesive deterioration.
2. Excellent temperature and solvent Resistant.
3. Good shear strength, the adhesive Is hardly affected with temperature Change and long storage.
4. No Slippage after applied.

## APPLICATIONS

1. It has superior repulsion resistance that prevent from lifting on curved surfaces
2. It has strong adhesion various kind of materials such ABS, PST, PP and Urethane foam.
3. It has superior heat and weathering resistance and long term reliability.
4. It has superior workability during the punching or die cutting processes.

## PRODUCT RECOGNITION

1. Brand Aipl Sunsui
2. Shelf life 12 months
3. Printed Paper Liner
4. Any Width available upto 1020mm
5. Standard length 50mtr.
6. Inner core diameter of core-76mm

PROPERTIES	UNITS	VALUE
Total Thickness	Mm	0.17 +_ 0.02
Tensile Strength	Kgf/25mm	2 min
Elongation	%	3 min
Adhesive to steel	Kgf/25mm	2.0 min
Temperature Range	c	-40 c to 150 c
